03 SEP 1958

Chief, Operations and Training Division, OC

Chief, Engineering Division, OC

[redacted] Training [redacted] 25X1 25X1

1. Verbal agreements have been reached for the scheduling of the [redacted] training program. This memorandum will confirm these agreements. 25X1

2. It is planned that [redacted] of this Division will train [redacted] of OC-O+T for a period of three weeks beginning 8 September 1958. [redacted] will then be qualified to conduct a training course in the theory, installation and maintenance of the [redacted] system. Because of the complexity of the [redacted] system, this particular course will be limited to technical personnel. It is believed that [redacted] will require approximately one week to prepare a course outline and thus be ready to initiate his training course by 6 October. Present planning calls for an estimated full time training period of 10 weeks. It is intended that a maximum of four OC-E personnel shall attend the initial course. 25X1 25X1 25X1 25X1 25X1 25X1 25X1
